A GREAT STRUGGLE

For Supremacy in the East—Greece
Must Win, or Will Disappear
From the Map.

Salonica, April 21.—It is rumored here that the Turks have captured Larissa. The report should be accepted with reserve.

UNABATED FURY.

New York, April 21.—A dispatch to the Journal from Athens says: The war on the frontier continues with unabated fury, and all along the line from the gulf of Salonica on the east to the gulf of Arta on the west a desperate struggle is going on for the mastery.

The advance of the Turkish forces on Thyravo has not been seriously checked, though from Greek sources come many claims of victory. These, however, are of small import compared to the information that the Turks are investing Thyravo. Thyravo is about three leagues northwest of Larissa and was depended upon by the Greeks to seriously hamper any attempt that would have been made by the Turks to approach Larissa.

Immediately after their disastrous defeat at Milouna pass, the Greeks fell back to Thyravo, but the Turks followed them and began a vigorous cannonading of the position. Thyravo's fall will make it next to impossible for the Moslem advance on the Greek military base at Larissa to be stopped. Larissa is poorly fortified, and it may be necessary for the Greeks to precipitate a pitched battle with the Turks on the plains that lie between Larissa and the Macedonian frontier. If such an event occurs it will be the greatest military struggle in the history of the world.

A Greek force, after a terrific battle, has managed to get through to the plains of Damasi, in Macedonia, meantime bombarding and destroying the small village of Vigla, half a dozen batteries and killing over 200 Turks. The Greek loss was light. About 300 Turks were taken prisoners at Vigla.

The pass at Reveni, a few miles west of Thyravo, where there are as many as 40,000 Turks under the personal direction of Edhem Pasha has been the scene of the fiercest fighting of the war. This horde of Moslems, singing and chanting war songs, reach Reveni to Bougheze, and for the past three days have unrelentingly endeavored to obtain a free road to the Thessalian plains. Twenty thousand Greeks, under the direction of Prince Constantine, have as steadily fought and struggled to keep back the Mohammedan stream, and have thus far succeeded.

On the gulf of Arta the Greeks are having things pretty much their own way. The Turks at Arta attempted to cross the Arakphos river, despite the fire of the Greek artillery. This was magnificently handled, however, and the Moslems were mowed down by scores, the river being literally filled with the sultan's soldiers. Staggering under this great defeat, the Turks retreated.

Colonel Manos, in his invasion of this part of Epirus, has been very successful. He has occupied several villages with but slight resistance and hastily fortified them. There is hardly any serious obstacle to his advance northward into Albania and toward Yanina, where a great battle may be fought.

bania and toward Yanina, where a great battle may be fought.

After retreating, the Turks attempted to successfully bombard Arta, using nearly 100 pieces of artillery in the operation. But it failed, their marksmanship being bad and the range too great.

The squadron of ironclads which left the Piraeus under sealed orders is likely to strike some bold blow, though it is generally believed that it is bound for Salonica, which it will bombard, and where it is hoped to cut off the base of supplies of the army under Edhem Pasha.

The second squadron, composed of a frigate, two corvettes, three armed transports and one torpedo boat, have left the Golden Horn. Other Turkish vessels are still under the guns of the Dardanelles forts.

W., Omaha, Neb., will visit Ardmore on the 30th of April to deliver a public address to the citizens of Ardmore and vicinity on the subject of Woodcraft, and on that day only applicants will be admitted to membership for \$3 entrance fee. House Likely Not to Concur.

Washington, April 21.—The Indian appropriation bill will be called up in the house today, and a motion will be made either by Sherman of New York or Curtis of Kansas to disagree to the senate amendments and to ask for a conference. It is predicted that the house will never agree to the senate provision naming two additional judges for the Indian Territory.

We Think So.

A Montana legislator the other day thus addressed the chair: "I feel that for a plain man like myself to address a body composed of so many law attorneys as this is, is indeed casting pearls before swine; or, in other words, to make my meaning plainer, the honor I feel at the present time overcomes me as Goliath was overcome, when, like David, I come before you, armed with only the—the—or, as the Good Book says, let us ride a hobby in this legislature, lest it turn upon us as did Balaam's ass, and, in a loud voice proclaim, 'I am he.' " "That's all right," exclaimed a fellow member, "but you can not bisect or dissect the wool of carping misanthropy from the web of immediate pessimism. You are a polemic—" "You're a liar!" interrupted the legislator; "I'm a populist."—Washington Post.
